(local rate number)
to find our Adult Sector Skills
team nearest to you.**

Working together to enrich life

Funded by

Adult Sector Skills

As a learner on our Adult Sector Skills programme, you have the opportunity to gain units towards a nationally recognised vocational qualification.

This is carried out in a work placement provided by a local employer, who will provide training and support in your specialist sector area. Working under a three way agreement, you will be regularly visited by one of our sector specialist Training Advisors, who will assess you against the relevant level of knowledge and competency required for the vocational qualification.

BENEFITS INCLUDE:

- Gives you real life work experience.
- Improves your confidence and stability in the workplace.
- Proves your worth to the employer so increases your opportunity to secure a position.
- Shows your commitment to a learning programme and your own self improvement.
- Gives you the opportunity to gain accredited certification for NVQ units that are successfully completed.
